

# STEAM Welcome!

Dear STEAM Families,

We certainly hope you had a wonderful summer break and ready for the new school year to start. We are very excited about our new **S**(cience) **T**(echnology) **E**(ngineering) **A**(rt) **M**(ath) class and can not wait to meet your young STEAM student!

My name is Windy Robinson and I will be leading our daily STEAM adventures to explore and learn about the world around us! In our class, we will use STEAM to explore topics that are relevant and interesting to our young students. Each class will focus on child directed, project-based learning to help foster questioning, problem-solving and communication skills in our young students.

I currently live in Milford with my husband Brian and two daughters, Hadley and Campbell. My educational background is in Art and Museum Education and have worked with preschool aged children in museums for many years. I like to coach youth sports, craft and read in my spare time as well as volunteer in my community.

We are thrilled to have Jess Gear also joining our class to assist students with their STEAM adventures! Jess has been working for Wee Three Kings Preschool since 2008. She is married to Andy and has two children, Francesca and Thomas. Her educational experience includes working as a kindergarten assistant for five years in Brussels. Jess' favorite children's books are [The Very Hungry Caterpillar](#) and [Ladybug Moves House](#). Jess likes to read and spend time at the beach. She loves to watch her son run cross country and paint with her daughter.
