

## October SNOOPY Newsletter

*Ms. Becky & Ms. Jess*

September has flown by and we are really getting to know your children. It's hard to believe we are starting our second month of school!

October will be a busy month. The theme for this month is Fall, Leaves, and of course, more Snoopy! Please have your child bring in Fall colored leaves for exploring and special art projects. We are also going to be talking about the color orange and the pumpkin shape... as well as painting, counting, marching, dancing, reading Fall books and singing "Itsy Bitsy Spider" and "5 Little Pumpkins". We have big plans for this month!

Transition and separation for the children is becoming easier. Along those lines, starting in October, please try to say your good-byes at the door and encourage your child to walk in independently. This will help to make a smoother start to everyone's day. Remember every day is different, but keeping a routine at the door will help. Another good idea is to put a "lovey" in the backpack that we can grab if need be. We are looking forward to a very FUN October!

### REMINDERS:

Please look for a Play Dough sign-up sheet on our door. If you and your child would like to make us play dough for the month, we would greatly appreciate it!

\*\*The Fall Festival dates are October 17th and 18th. More information about attending will be emailed out to students who do not come to school on either Wednesday or Thursday.
