

# November STEAM

Dear STEAM Families,

October was a good month in our STEAM classroom! Our students did a great job building STEAM cars for Pigeon, exploring and learning STEAM with pumpkins and seeds, and building with recycled materials. Our first STEAMer of the Week: Claire Collopy! Will share her rock and gem collection with our class on Friday! We can not wait to see what everyone else brings in!

In November we will kick off our exploration of Fairy Tales by examining the STEAM concepts found in the story: *Goldilocks and the Three Bears*, we will start coding with our students, we will do a class on "All About Me" where students will investigate and learn about themselves through STEAM and at the end of the month we will hold our fall STEAM Olympics. This will be a class full of fun challenges using some of our favorite materials, tools and topics from our past classes.

We will not have class on November 22nd due to Thanksgiving. We hope that you all have a blessed holiday with your young STEAMer! We are very grateful to be able to teach each and every one of them!

Ms. Windy and Ms. Jess
