

December Newsletter

Dear Little Explorers' Parents,

Dear Little Explorers' Parents,

We hope you had a wonderful Thanksgiving! We started the month with a hands on science presentation from Crystal Clear Science. We did a fun experiment that taught us that there are many colors hiding from us in the fall leaves.

We also spent 2 weeks learning about different cultures and traditions. The children did an amazing job on their Native American projects! The children were so proud of the candles and the coil pots that they made. We ended the month with a day full of art! You will see our project in the art show.

December will be a very quick month for us since we will only be meeting twice before the Christmas break! This month we will be talking about Christmas and we will have a cookie and cocoa party before we leave for Christmas break. We will also be working on Christmas gifts for our families and a Christmas tree project.

We hope you and your families have a Merry Christmas and a Happy New Year! Janean and I will miss our Little Explorers over the holidays and we can't wait to hear all the fun stories from the children when we return.

Sincerely,

Mrs. Amy and Mrs. Janean
