

March Newsletter

Dear Little Explorers' Parents,

Wow! We really did use all five of our senses in the month of February! Our jelly bean tasting was a lot of fun. The lemon flavored jelly bean got mixed reviews and the strawberry jelly bean was the overall favorite! We also learned that our senses are both similar and different from animal senses. The Hamilton County Parks visit taught us that snakes use their tongues to smell! We had some incredible animal encounters while learning about animal senses.

We ended the month with our LEGO day! The children loved making and taking their Lego creations home.

We will spend the first two weeks of March learning about the human body and we will have a special visit from the Cincinnati Museum Center and their friend Stuffed! On the last Monday of March we ask that each child bring their favorite "pet" stuffed animal and we will have our "Pet Party".

Thank you for sharing,

Miss Amy and Miss Janean
