

4s Class Welcome!

Dear Preschool Families,

Welcome to the 4's Class from your teachers, Mrs. Bauman and Mrs. Friday!

We are so excited to meet your family and know that we are going to have a great year together. My name is Meredith Bauman and I will be the lead teacher in your child's preschool class this year. I feel blessed to have the opportunity to work alongside you and your child in the 4's class

and I look forward to an amazing time of learning and fun in our classroom this year. Prior to teaching at Wee Three Kings, I worked as an assistant and lead teacher for several years at Anderson Hills Preschool. I've also worked as an assistant teacher for the 3-6 year old age group at Sands Montessori. Outside of the classroom I love spending time with my husband and our three wonderful boys. As you can imagine that keeps me pretty busy, but I also enjoy gardening, reading and serving in various ministries at our church.

I get the awesome privilege of having Amy Friday as my assistant again this year in the 4's class. Amy has been at Wee Three Kings for many years and she also teaches the Little Explorer's class on Monday. Amy lives in the Loveland area with her husband and two children. When she is not at school, she enjoys watching her kids play golf and basketball. She also loves spending time at the beach and is a huge Michigan State basketball fan.

Amy and I look forward to meeting your family on either September 4th or 5th. This will be an Open House format and you are welcome to come either day. If your child will be attending the morning session of preschool this year please stop by our classroom between 9:00-11:00am. If your child will be attending the afternoon session of preschool this year please stop by our classroom between the hours of 12:00-2:00. This is a wonderful opportunity for your child to meet us and explore their new classroom. When you come to open house, please bring a family picture for us to keep in the classroom. During this time I will also have volunteer and birthday/special day sign-ups available.

We are going to have a great year of learning and fun. See you soon!

Meredith Bauman and Amy Friday
