

January Newsletter

Dear Angelfish Parents,

Mrs Ayler and I hope your Christmas was magical and you are ready for 2020. Thank you all for your thoughtful gifts and kind Christmas notes. You spoiled us; we felt so loved.

January's themes are Winter and The Mitten. I'm excited to try some new art projects and see what excites the children. They had a ball making your Christmas cards by rolling golf balls in paint inside a box. The Mitten is a story I have read for years and do various art projects in relation to the story. It is a beautiful Scandinavian folklore the children seem to enjoy.

January is also when we conduct student evaluations. There will be a signup genius sent via email for you to sign up for conferences. This will start the week of January 20th. These 15 minute sessions are not mandatory. Just an opportunity for us to chat about your amazing children.

Thank you for your ongoing love and support. We are excited to watch your children unfold and blossom in the next 5 months to come.

Sincerely, Mrs Kirk
