

Lunch Bunch

January 2020 Newsletter

Ms. Amy - Ms. Paola

Dear Lunch Bunch families,

Happy New Year! We hope everyone had a wonderful and Merry Christmas. Welcome to 2020!

We had a great December, making many holiday crafts, singing carols and playing our favorite "Crazy Cube" game! The children were so excited to discuss Christmas and their family traditions, especially when we read our "carpet time" books.

January's theme for Lunch Bunch will be Winter and cold weather activities. We will be mixing in some fun science experiments and hands-on activities in class. We will explore what our animal friends do in these cold Winter months.

Ms. P and I had a wonderful time watching the Christmas productions! Your children are all so talented and they really added so much to our holiday spirit to watch them perform!

Outdoor Play

As long as it's not raining, snowing or extremely windy, and it is above 32F, we'll go outside to burn off energy and get some fresh air. Please be sure your children have the appropriate clothes.
