

24 Month Angelfish November Newsletter

I am so pleased that we have survived the first 2 months of school and we are THRIVING! The children have blossomed and have handled all the changes with ease. They make us smile with their sweetness and loving spirit.

The theme for November is Thanksgiving. Our featured color is Green and our shape is a Triangle. November also means a daily visit from our friend, "Sammy the Squirrel." He is a puppet that likes to "snatch" acorns from little boys and girls and is always a hit with the children.

In the past we have celebrated Thanksgiving with a family feast. Unfortunately, with COVID restrictions, we cannot have families come into the classroom. Instead, Mrs. Ayler and I have decided to have a class feast. I will send out a Sign Up Genius for food items we will need for our celebration. We have a few dietary restrictions, which I will note on the sign up sheet, in addition to the nut free restriction. Therefore, on Monday the 23rd and Tuesday the 24th, you DO NOT need to pack a lunch for your child.

We will continue to go outside weather permitting. Please continue to send coats and hats. As a reminder, there is no school November 25th and November 26th. Please don't hesitate to email me with questions at kirks6@fuse.net or kirkkathy55@gmail.com.

Sincerely,
Kathy Kirk & Kristin Ayler
