

Pre-K Class (Mrs. Vaughan and Mrs. Shapiro)

November is going to be a great month! Throughout the month, we will be talking about Thanksgiving and will have a variety of fun Thanksgiving/fall themed activities. We will continue to pattern and clap syllables (months, names etc...) Opposites and measuring will be introduced as well.. We will sing the days of the week song and continue learning our months along with counting the days in the month. Colored pasta will be in our sensory bins and we will finish up with our grocery store theme in the dramatic play area. It will be turned into a restaurant! We have some great Science lessons this month. We will start the month learning about leaves and trees. The second week will be all about insect prints and fossils. We will have flint corn to explore the third week and the last week, we will be exploring gourds. We will continue to write our letter of the week words as well as our names and a lot of tracing will be incorporated into our lessons.

Crafts

Acorns, sunflowers
Owls, Jack in the box
