

3's Class December Newsletter

Mrs. Hewlett & Mrs. Havighurst

It's hard to believe Christmas is almost here! The children are so excited for the holidays and love sharing their Christmas list with us. Even though they talk about toys and gifts, we will be focusing on the "reason for the season." We will be reading lots of stories about Jesus' birth and we will have a nativity scene for them to play with in the class this month.

Our theme this month is all about Christmas. In Chapel, we will learn about PEACE, make bird feeders to help feed God's creators, and learn about the birth of Jesus. We will be working on gifts for our parents, wrapping boxes in our sensory table, cutting wrapping paper with scissors, learning about seasons and spinning tops at our science center. We will be writing letters to Santa in our writing center and playing Christmas math games at our math center.

We will have a Christmas celebration on the last day of preschool before the Holiday Break. We are seeking items to help make it fun. A Sign Up Genius link will be sent via email asking for donations. We will make a craft, play a game and decorate a cookie to eat in class for a quick snack. The children are also allowed to wear their PJ's to school on the 9th & 10th.

We have begun to assess your children and will hold parent/teacher conferences mid to late January. We will send more information on those conference dates and times when we return from our Holiday Break.

We pray your family will have many opportunities to slow down this month and be able to enjoy each other and the reason for the season. Jesus is the best gift and shining his light is the best gift we can give to others this month and forever! Merry Christmas and have a Happy New Year!
