

Lunch Bunch December 2020 Lesson Plan

Dec. 1-3 Winter Wonders

Let's prepare for our holiday celebrations! We are loving anything with glitter glue, so get ready for some festive art and crafts comin' your way! We will let our puffy, fluffy snowballs fly during parachute time, decorate sparkly snowflakes and make some salt dough ornaments for our trees. Our science experiment will feature "shrinking trees", which is sure to be a big hit! We plan on lots of outdoor play and scavenger hunts this week.

Dec. 7-11 Christmas Fun

Can you believe it's almost "the big day?!" It's the most wonderful time of the year! We will get into the fun of celebrating the Christmas season this week. We will be making cute reindeer and pine tree ornaments. Our science experiment will focus on "dissolving candy canes"... which will make our classroom smell great!! Singing and dancing will go a long way in helping us spread Christmas cheer.
