

Lunch Bunch December Newsletter

Hello and healthy wishes to our Lunch Bunch families!

We have been very busy in class lately! The wonderful weather we have had has been excellent for both playing and eating outside. We are very jealous of the yummy lunches that are packed. The kids are getting along so well and it's wonderful to see them interact so nicely.

Looking forward to December, we will be celebrating Christmas and looking to Winter's arrival. We have fun science experiments planned and "snowball fun" as a gross motor activity. We will share new stories and songs for the holidays. Stay tuned for pretty ornaments that will help add to your festive decor!

We will miss everyone over the Christmas holiday and can't wait to see everyone in January. Have a very Merry Christmas and a Happy New Year!

Ms. Amy, Ms. P and Ms. Monica
