

24 Month Class Newsletter March 2021

Dear Angelfish Parents,

What a year to remember - COVID and now snow days! This has challenged us to keep a consistent rhythm, yet your beautiful resilient children haven't missed a beat! They continue to amaze us. One day I might get a blank stare when asking a color or shape. The next day their little faces light up and with great pride they answer correctly.

March themes include St. Patrick's Day and Transportation. Our shape is an oval and our color is yellow.

I will be sending home a copy of our daily prayers this month. A special moment each day is watching the children fold their hands and recite these prayers. Please ask them to share them with you.

Let's all pray for warm weather and sunshine! As always, feel free to email me with any questions.

Most sincerely,
Mrs. Kirk & Mrs. Ayler
