

## **24 Month Newsletter**

**Mrs. Kirk and Mrs Ayler**

Happy Spring! We have so many blessings for which to be thankful, especially sunshine and warm weather.

This is our favorite time of year in our classroom. We love watching the transformation of your children, whether it is trying something new on the playground, emerging vocabulary or making a new friend. It's what makes our jobs extra rewarding - seeing your children grow!

Our theme for April is Insects/Spring. Our new shape this month is a hexagon and our color is brown. We will continue to review all shapes and colors. We have 6 weeks left in the school year. We hope everyone will remain healthy and we can close the year with wonderful memories.

Sincerely,

Mrs Kirk & Mrs Ayler
