3's Class: Mrs. Hewlett & Mrs. Havighurst

Welcome back! We hope everyone had a great Spring Break!

The 3's class will be studying the weather and plants this month. We will pretend to be meteorologists in our Science Center using a huge world map that will be hung in the class. We will learn how to plant flowers and study the life cycle of a robin. We will be measuring our height in Math and using wooden magnetic birds to make patterns. Our art work will relate to the type of weather we are studying that week. In our Sensory Table, we will be playing in birdseed and sorting "pretend" worms as we feed plastic birds. We will use shaving cream and playdough as creative ways to write letters and our names.

In Chapel, we will learn about Faithfulness and discuss what it means to be Faithful to God and others. At the end of this month, we will finish all our letters in the Alphabet and have our last Show N Tell on April 28th & 29th.

W3K's will be having an in-person Art Show this year!! Yeah! Each class will be given a day/time for parents to come in and see their child's art displayed in our preschool. The Monday/Wednesday classes will have their Art Show (during their class time) on April 19th. The Tuesday/Thursday classes will have their Art Show (during class time) on April 20th. More information will be sent home closer to date!
