

Hello Lunch Bunch families!!

Whew... March was a busy month in Lunch Bunch. We hope everyone had a great spring break!

We are excited to count down to our Art Show this month. The kids have worked so hard on their project. We cannot wait for you to see them!

In March, the cold weather subsided a bit and we were all happy to get outdoors for fun and activities. We had lots of fun exploring Dr. Seuss books and learning about rainbows. We continue to love building forts and playing "Crazy Cubes" at the end of class before we dismiss for the day. We were "lucky" enough to have a leprechaun visit our classroom and cause some chaos.

Looking ahead to April, we will be learning about Easter, Spring and Earth Day. Our gardening unit will focus on discussing the foods we grow and enjoy. We will be exploring the outdoors with fun scavenger hunts as well as building our own bird nests.

Happy April to All!!
