

Lunch Bunch May 2021
Ms. Amy Ms. Monica Ms. P

Where did the year go?! Is it really May?!

We are so thankful for the amazing year we had in class with your children. This really was a year like no other, but everyone rose to the occasion and we made it the best it could be! Being in class was truly a gift and we will all miss seeing your children each week!

April was a jam-packed month of fun and we were able to get a lot of outdoor time in. The art show was so much fun and we were so proud of the awesome projects your children completed. Hats off for a great job!

We have just two weeks of classes in May. Please feel free to keep in touch with us over the Summer. We love seeing pictures and artwork!!

May Classes

May 3-6 Weather

What Will The Weather Be Today? will start our conversation about Spring! We will do some cloud inspired artwork. We will also experiment with a rain cloud in a jar. We will dance to “Rain Rain Go Away” and move our bodies with some stormy yoga!

May 10-12 Bugs

What’s more fun than a bug hunt? We will look at insect life cycles with our sensory bin and discuss all the various types of bugs we have in Ohio. We will even have cicadas this year! We will build earthworms and go on a bug-themed scavenger hunt.

We look forward to a fun May!!
