

WELCOME TO 3'S STEAM!

My name is Amy Lipcius but you can call me Ms. Amy (Lipcius is a tough one)! I'm excited to be your STEAM lead teacher. It's going to be an amazing year filled with fun, learning and many experiments!

STEAM has a few components to it:

SCIENCE- questioning

TECHNOLOGY- tools

ENGINEERING- problem solving, design

ART- communication, expression

MATHEMATICS- patterns, measuring

Our class has an integrated approach to learning that is child-directed (with intentional planning and incites questioning, problem-solving and communication.

A bit about us....

This will be my third-year teaching at Wee Three Kings. I live in Loveland with my husband and my three daughters, aged 12, 9 and 7. They go to St. Columban, but once loved attending Wee Three Kings.

Here's a picture of my family and I in Chicago this Summer!

We can't wait to meet you and spend time with your little ones this year!

Sincerely, Ms. Amy
