

Pre-K SEPTEMBER NEWSLETTER - September

We are finally ready to let off some STEAM!

We will start off this month with Monster Madness. We will learn the basics of what STEAM is all about and do a cool experiment and make some monster crafts. We will also spend some time talking about Monster Manners and this is something we will come back to each week.

We follow this up with The Three Billy Goats Gruff and learn about bridge building and build bridges for our goats.

Then we move onto simple machines and build our own car and “test it out”, that phrase will be used a lot over the year as we do our challenges.

We finish off the month with an all about me class where we will look at our fingerprints and discuss how we are similar and different; this will lead into our next class “Fabulous Faces” in October.

Look forward to seeing you all on the 10th September.

Don't forget drop off at the front at 8:55 pick up inside at 1:00 and most importantly a packed lunch!

Ms. Jess & Ms. Jamielynne
