

SNOOPY CLASS

Ms. Becky & Ms. Jess

It is so hard to believe that January has passed and we are into the month of February! The school year is really going by fast especially since the rush of the holidays is now over. The children did a great job returning from the Christmas break and getting back into the swing of things. We also enjoyed meeting everyone at conferences. It is always nice to take the time to chat about your children.

Our shape this month is the heart and our color is **PINK**. Our theme is "Hearts and Puppy Dogs" so all of our books and art projects will revolve around those!

We had a blast with our January "Frozen" month. I hope everyone enjoyed it as much as we did. Now, maybe we can get some real snow in February!
