

Dear Angelfish Parents,

Hope you all are surviving the craziness that COVID has bestowed upon us all. We appreciate your vigilance and effort to keep our classroom healthy and running.

February is a fun month. Our shape for the month is a heart and our color is pink. We will celebrate Valentine's Day on Monday, February 14th and Tuesday, February 15th. Please send your child in with 8 valentine cards to share with their friends. No need to address the cards.

Last month we started participating in Stretch and Grow. This is a movement class that involves music and physical activity. The children seem to enjoy the class. This will occur one time per month.

I hope that you all found the conferences helpful and informative. If you weren't able to attend a conference feel free to email me should you have questions. I am always amazed every year when the children return from Christmas break how much they have grown since September.

Sincerely,

Mrs. Kirk
