

Dear Angelfish Parents,

The year is whizzing by. I'm so grateful that we have been able to have an academic year. Hoping that a healthy spring is in our future.

Our themes for March are St. Patrick's Day and Transportation. We have some fun projects planned including a "Little Leprechaun" video and painting with match box cars. I love watching the children go from an observer to an artist. Trusting that what we offer is fun and worth dropping a toy for. A reminder that Spring Break is March 28-April 1. School will resume Monday April 4th.

Thanks again for all your support. Never hesitate to reach out if you have any questions.

Sincerely,

Mrs Kirk
