

Dear Angelfish Parents,

I cannot believe we have just six more weeks of school left. It always amazes me when I think back to the beginning of the year and how far your children have all come. We love to reflect back how anxious and unsure they were in September and now they walk into the classroom with excitement and confidence.

Our theme for April is Easter/Spring. Our color is brown and our shape is a diamond. We hope to get outside as much as the weather will permit us. Please include a light jacket on days when the morning is brisk. A reminder that if you would like to celebrate your child's birthday at school, please email me or text me to coordinate.

Finally thank you for all your support during Teacher Appreciation Week. We are so fortunate to have all your support.

Sincerely,

Mrs. Kirk
