

Dear Angelfish Parents,

Monica and I are so grateful for a wonderful year. It seems like yesterday when your precious children walked into our classroom. Now they are bright, eager, confident little people. We always hope that school will always be a place they love and cherish. Thank you for entrusting us with their first school experience.

Our theme for May is Dinosaurs. Our shape is a Hexagon and our color Black. Our last day of school will be Wednesday May 11th. May 12th will be our family picnic. Please see Windy's message for details.

Enjoy your summer. Thank you again for blessing us with your children.

Sincerely,
Mrs. Kirk and Monica
