

Hello STEAM families! Spring is here. I hope everyone had a wonderful Spring Break. It is hard to believe we only have a few more classes together before many of our friends move on to Pre-K and Kindergarten. As I look back on our year together, your children have grown in so many ways. They have made new friends, learned to play together and their personalities have shined. They have also learned basic skills of packing their bookbags, cleaning the classroom as a team, asking one another for help and also lending a hand without even being prompted. Their creative minds never cease to amaze me. Their curiosity for learning is endless. You must be so proud of them.

During the month of April we will:

- Discover rain and clouds
- Learn about pollination
- Explore mixing ingredients for Easter Bread
- Experiment with bubbles, bubbles and more bubbles

Thank you for sharing your little ones with us; they truly are a gift from God. I find so much joy and laughter from them week to week. See you soon!

Fondly,  
Ms. Boldizar
