

Dear Angelfish Parents,

September flew by! We are proud of each and every one of your children. They all have made incredible gains in a very short period of time. Before you know it, the tears will be replaced with laughter and confidence.

We really appreciate everyone's efforts to keep our classroom healthy. You all have done a wonderful job assessing your children's symptoms and making the appropriate decision of whether to send your child to school or keep them at home. In addition, we are working hard at keeping the classroom clean and minimizing the spread of germs.

We also love how you all provide such nutritious lunches for your children. We realize it is difficult to find things they like that fit within our classroom guidelines. Should there be an item that doesn't fall within our state guidelines we will simply put it back in your child's lunch box.

Our theme for October is Halloween. We have lots of fun projects planned. We will celebrate the holiday with a Fall Festival and Trick-or-Treating throughout the church. Your child will come home with their treats. Costumes will be optional on October 27th and October 31st. Whatever is easiest for your child.

Thank you for all your support. We are loving our time together and watching your child unfold.

Kathy Kirk
