

Dear Parents,

We have had a wonderful first month getting to know you and your children! We are thoroughly enjoying your fun, sweet, intelligent children! They are quickly learning the classroom schedule, and new friendships have already developed.

During the month of October we have many activities planned. With Fall in the air we will be learning about fire safety, leaves, and pumpkins. We will also focus on the colors, "red" and "orange", and numbers "1" and "2".

October also includes many fun school events! Our "Fall Festival" will be held Wednesday, October 12th, and Thursday, October 13th.

Beginning in October we also have some class birthdays. To celebrate your child's birthday, you are welcome to come and read a favorite book to the class, and/or bring a peanut/nut free treat. If interested, just let us know!

Thank you for all that you do, and sharing your wonderful children with us!

Sincerely,
Ms. Tina and Ms. Chrystie
