

Dear Angelfish Parents,

I hope that you all found the conferences helpful and informative. It was fun for Monica and myself to have a moment to brag about your amazing children. As I told all of you it is the best part of our job watching your children transform from little individual beings to social creatures.

February's theme is Valentine's Day and Sea Animals. Our shape is a heart and color pink. We will celebrate Valentine's Day on Monday February 13th and Tuesday February 14th. Please send your child with 8 Valentine cards to share with their friends. No need to address. If anyone would like to share their culinary talents for our celebration text or email me.

We have been participating in a program monthly called Stretch and Grow. This is a movement class that involves music and physical activity. So, when your child comes home with a Stretch and Grow on their hand you will know what we did that day. They seem to love it.

Remember if you want to celebrate your Child's Birthday at school, please let me know. As always text or email me any questions or concerns at Kirkkathy55@gmail.com.

Mrs. Kirk
